

Worth A Visit

Paul's World of Cycling

Stazione Leopolda viale Fratelli Rosselli 5, Firenze

-

As with many of Sir Paul's passions, his love of cycling has also manifested in the act of collecting. Over the course of decades, he has amassed an enviable personal archive of bikes – from the antique to the cutting edge – vintage jerseys, and all manner of cycling ephemera. Paul's World of Cycling gives visitors a rare opportunity to see just a small part of this archive for themselves.
